To,	
<b>The Registrar,</b> Sant Gadge Baba Amravati University, Amravati	
<b>Subject:</b> Submission of Feedback Report on university Curriculum & getting action report on feedback of our college	
Respected Sir,	
I am pleased to inform you that, being affiliated college, we strictly adhere to Sant Gadge Baba Amravati University Curriculum and strive to deliver the curriculum to the student effectively. Our college collects feedback every year on the curriculum from various stakeholders such as students, teachers, parents and alumni design by college IQAC on the various parameters and analyse it. At the end of every academic year, feedback committee of the college collect feedback and report on it submitted to the college IQAC. IQAC analyse it and taken necessary action for implementation. As a practice for every five years the college intends collective feedback report to the university. Kindly accept our reports on the curriculum feedback and request to give action report on the feedback of our college. I will oblige for the act of kindness in this regard.	
Thank you!	
	Yours Sincerely
	
<b>DIRECTOR</b> Board of Examinations & Evaluation Sant Gadge Baba Amravati University Amravati.	<b>Dr. Avinash N. Gharde</b> Principal Arts, Comm & Sci. College Maregaon, Dist. Yavatmal

### ACTION TAKEN REPORT ON FEEDBACK

Feedback plays a pivotal role in shaping the learning environment and improving the overall college experience. By addressing the challenges identified in the existing feedback system and implementing the recommended actions, college create a more transparent and engaging feedback process. This will empower students and faculty members to actively contribute to the growth and development of the college.

- The college clearly communicate the purpose, process, and expected outcomes of the feedback system to students and faculty members. Developed concise and user-friendly guidelines that address common questions and concerns.
- College implements a multi-channel feedback system to cater to diverse preferences. Offer options such as online platforms, suggestion boxes at convenient locations, and arranging meetings for face-to-face feedback sessions.
- The college encourage faculty members for actively seek feedback and integrate it into their teaching practices.
- Develop a mechanism to provide timely updates to students on actions taken based on their feedback through regular newsletters, online forums, meetings, etc.
- Demonstrating the impact of feedback will encourage students to continue participating in the process.
- Periodically assess the effectiveness of the feedback system through surveys.
- Gather feedback from stakeholders such as students, faculty members, parents, alumni, etc to identify areas of improvement and implement necessary changes.

**FEEDBACK OUTCOMES OF ARTS PROGRAM**

**Creative Expression:**

- To encourage and develop students' creative expression in their chosen artistic discipline.
- To foster creativity and artistic talent.

**Skill Development:**

- Focuses on providing students with the necessary skills and techniques to excel in their chosen artistic field.
- Included training in drawing, painting, sculpture, acting, dance, music composition, writing, or other relevant skills depending on the discipline.

**Critical Analysis and Interpretation:**

- To develop critical thinking and analytical skills to analyze and interpret artistic works.
- Students learn to appreciate and understand the historical, cultural and aesthetic contexts of various art forms and develop the ability to articulate their interpretations.

**Professional Development:**

- To offer guidance and resources to help students prepare for careers in the arts through workshops on portfolio development, networking events, internships and collaborations with professionals in the industry.
- To enhance students' employability and support their transition into the professional art world.

**Cultural and Social Awareness:**

- To broaden students' understanding of diverse cultures, traditions and societal dynamics through the exploration of artistic works.

**Collaboration and Interdisciplinary Approach:**

- To encourage students to work together on group projects, engage in cross-disciplinary collaborations, or explore the intersections of different art forms.
- To fosters teamwork, communication skills, and a holistic understanding of the arts.

**Public Engagement and Community Outreach:**

- To organize exhibitions, performances, readings, or other public events to showcase students' works and engage with the local community.
- To promote cultural enrichment, artistic appreciation and community building.

### FEEDBACK OUTCOMES OF SCIENCE PROGRAM

#### Quality Education:

- To provide a high-quality education to students.
- To equip students with a strong foundation in scientific principles, theories, and practical skills.

#### Knowledge and Skills:

- Focuses on imparting knowledge and developing critical thinking, problem-solving, and analytical skills among students.
- Through lectures, laboratory work and research projects, students gain a deeper understanding of scientific concepts and develop the ability to apply them in real-world situations.

#### Research and Innovation:

- The develop collaborations with industry or research institutions to provide opportunities for students to engage in research projects.
- To promote an inquiry-based culture.

#### Graduates' Employability:

- To prepare students for successful careers in various fields.
- Students encouraged for employment in industries and various sectors.
- To offer career guidance, internships and networking opportunities to enhance students' employability.

#### Graduate college Placement:

- To support students for their applications to PG graduate courses.
- To provide guidance on selecting suitable programs, preparing for standardized exams, and writing effective applications.

#### Scientific Literacy:

- To promote scientific literacy among students and the broader community.
- To organize public lectures, workshops, or science outreach programs to engage and educate the public about scientific advancements and their implications.

#### Contributions to the Field:

Faculty members actively contribute to their respective scientific disciplines through research publications, conference presentations and collaborations to enhance research culture in the campus.

**Community Engagement:** Faculty members actively involve in science education programs, environmental initiatives, or consulting services to address community challenges.
