**Year:- 2017-18 TO 2021-22.**

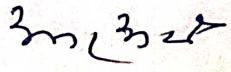

## Purpose of establishing the institution:

The Arts, Commerce, and Science College Maregaon was established in the rural area of Maregaon in the year 1987. Initially, the institution started with only the Arts faculty until 1989. Later, in 2010, the institution introduced the Commerce and Science faculties in the college. Since the college is situated in a rural area, students faced many difficulties in purchasing academic literature. Considering this, the principal of the college, Dr. Avinash Gharge, proposed the idea of establishing a department in the college to facilitate the purchase of academic literature by students. As a result, a decision was made to establish a student cooperative store in the college. A meeting was held on August 28, 2015, and based on the discussions in the meeting, a student cooperative store was established in the college. The student cooperative store provides students with books, examination forms, study materials, and photocopying services at a reduced cost. Until now, the student cooperative store has been providing students with record books, examination forms, study materials, and photocopying services. In the future as well, similar arrangements will be made available to students.
